

CONTROLLER KEYPAD

The Color Kinetics® Controller Keypad is a wall-mounted keypad that gives you complete control over your Color Kinetics lighting environment at the push of a button. The Controller Keypad features eight buttons for selecting shows, onboard LEDs to indicate the current show, dimmer controls, and a master OFF switch.

The Controller Keypad is designed for use with Color Kinetics iPlayer® 2 (ITEM# 103-000007-00). Together, they are the perfect solution for any lighting installation that requires multiple scenes or shows. Just press one of the eight show buttons, and your custom ColorPlay light show (stored on iPlayer 2) is displayed instantly. You can also adjust the brightness, or even turn all the lights off, during show playback.

The keypad's compact design minimizes wall space, while still offering a full set of lighting control features. Installation couldn't be easier: it mounts in a standard U.S. one-gang wall box, and requires only four wire connections to screw terminals for data and power.

FEATURES

- Eight show buttons
- Feedback LEDs to indicate show selection and status
- Dimmer controls
- Master OFF switch
- 20-foot serial cable for direct connection to iPlayer 2

PRODUCT SPECIFICATIONS

HOUSING	White matte plastic faceplate and buttons
WEIGHT	3.0 oz (85 g)
DATA CONNECTOR	Screw terminal
POWER CONNECTOR	Screw terminal

ELECTRICAL SPECIFICATIONS

POWER REQUIREMENT	50mA @ 5VDC (0.25W)
POWER SUPPLY	None required (powered by iPlayer 2)

INSTALLATION

MOUNTING	Fits standard U.S. one-gang wall box
WIRING	Serial cable from iPlayer 2 connects to screw terminals on keypad

ITEM# 103-000009-00
