

PS-60

Color Kinetics® PS-60, formerly known as C-Series Power Supply, is the universal power supply that operates on input voltages ranging from 100VAC–240VAC. PS-60 is the power supply for Juice Box 2 (item # 106-000002-01). It is also the ideal power supply for many Color Kinetics controllers and accessories such as Synchronizer, Multi Synchronizer, ColorDial, and iPlayer® 2.

PS-60 is contained in a compact plastic housing. PS-60 is the ideal and cost effective solution for installations where the Color Kinetics controller is located more than 50 feet from the fixtures' power supplies. This product contains an IEC power input and comes with a six-foot long North American power cord. It also contains a BNC connector on a six-foot long cable, which attaches directly to Color Kinetics products. This unit includes self-resetting output fuses, and is UL listed and CE certified.
